

SOUTHWESTERN YACHT CLUB PRESENTS

# Cabrillo Series

San Diego, California  
Winter 2025

## NOTICE OF SERIES

---

### AMENDMENT #1

#### 4. ELIGIBILITY AND ENTRY

##### ADD

- 4.11. Boats without eligible certificates will be allowed to participate in the series under the following conditions:
- A) The owner provides written assurance to the OA that the appropriate valid certificate will be obtained and presented prior to the last race of the series.
  - B) This provision only applies to boats registering to race in more than one race of the series.

This modifies RRS 78.

##### *Rationale:*

The Cabrillo Series begins before some rating organizations are prepared to provide certificates for the new year. However, this should be able to be accomplished by the end of the series.

Additionally, ratings are obtained from the US Sailing Offshore Office based on each race's course and expected weather, not directly from the certificate.
